

THE REALITIES OF *HUMAN TRAFFICKING*

- Human trafficking generates roughly \$150 billion a year for traffickers
- Almost 1.7 million children are exploited in sex trafficking worldwide
- It is estimated that worldwide, millions of men, women, and children are trapped in modern-day slavery
- While human trafficking CAN happen to anyone, certain individuals and groups of people are far more vulnerable than others
- Human trafficking can happen in any business – not just in businesses like escort services or strip clubs

HUMAN TRAFFICKING:
